

Attach a letter, 500 words or less, that answers the following three questions:

1. A well-developed community needs people with various abilities and backgrounds. What do you plan to study? What high school coursework have you taken to develop this area of expertise? If no coursework was available, in what ways have you explored this career choice? If it was not possible to explore this career choice, explain why you are interested in this career.
2. List the activities you have been involved in that support the greater Naperville community, or someone in whose life you have made a difference. If you attended high school outside of Naperville, list those activities as well. Include in the letter an explanation of the activity and its role in the community, and how you were involved in each activity.
3. At the end of the letter, for each activity in which you volunteered, please list the name and email address for an adult who was involved in this activity with you. If a phone number is available, please add that as well.

Letter of Recommendation:

Ask a teacher or your guidance counselor to write a letter recommending you for this scholarship.

Please attach this application, your transcript and your letter of recommendation and send it to:

Mrs. Joanne Wagoner
Naperville Newcomers and Neighbors Club Scholarship Chair
